## PRINCIPAL'S MESSAGE

A school year book can serve as a meaningful summary of the life of a school during a specific year. In the future it will serve as reminders of friendships, events and experiences that have had a part in making us what we are.

Each picture represents but a moment in the on-going events of the school. Taken all together they portray school life over the whole year. the photographs give evidence of a good deal of effort and lasting contribution on the part of students and staff. They indicate the satisfaction that comes from a good job well done.

Our appreciation and sincere thanks to all those who have so generously contributed of their time and effort to make this year book a success.

In closing, have a good summer and take care.

E. P. Wynychuk, Principal,  
H. A. Gray school.

June 1978

# Library

H. A. Gray was pleased to open the 1977-1978 school year with a new library. It is quite a change from our old one.

The new library offers the student a wide selection of books to choose from, magazines to look through, tables to sit at, for study or do research or just relax and read a book.

Mrs. Butcherland our librarian has decorated the library with plants and hopes to have the students make some mobiles to hang up on the wires that are strung up. Also any student doing art work could have it displayed for others to see.

We hope you will make full use of the material we have for your convenience.

Hope to see you soon.

Thank-you Cindy Rodger.
